## The rally 2012: Adventure and motorsport

A great adventure for rookies and demanding motorsport for advanced drivers.

After a successful rally in 2011, we hold firmly to the principle of the event. Three things are particularly important for us:

The special stages with a balanced mix of pists, rapid sand passages and dune crossings set high standards also to ambitious rally drivers.

But also newcomers with serial vehicles will be able to finish the daily stages. That will work by the appropriate exit opportunities before particularly difficult sections. Basic knowledge of driving off road are sufficient for participation.

All participating vehicles are equipped with the satellite-based EXPLONA tracking system, proofed for years at many international events.

As a complement to the actual rally a guided travel group will accompany us again. Participants which do not like to fight for placements can experience the event here. In addition to breathtaking landscapes and cultural sights adventure and team spirit stand in the foreground. Individual travel experiences combined with the advantages of professional rally logistics like emergency doctor, catering, refuel and workshop service are an unbeatable advantage of our concept !

Wir freuen uns schon jetzt auf jede Menge gemeinsames Rallyefeeling.

# TUNISIA

Tunisia is located on the Mediterranean coast of North Africa, 130 kilometers southwest of Sicily and 160 km south of Sardinia. The landscape is very varied: Cliffs on the north coast and deep forests in the inland, fertile valleys, sandy and stony deserts, rough mountains and salty lowland. South of Gafsa and Gabes begins the Sahara. As the gateway to the Sahara desert the small city Douz is called, from which it continues south to the picturesque oasis of Ksar Ghilane. Almost on the Algerian border is located near El Borma the most southern camp of our journey.

# PEOPLE

30 years of experience in desert taught us any time the same: The Sahara will not let you go again. The varied experiences in the most beautiful desert of the world always conjure a smile into the faces of the participants and the many volunteers of the organization. The deep satisfaction, to have completed the adventure EIChatt, will bring you to smile also at home, again and again.

# TEST FIELD VEHICLES

Motorcycle, Quad, ATV, Side-by-side, passenger car or truck, Land Rover, Mercedes, Toyota, Mitsubishi, Hummer, Jeep and VW, Magirus, MAN, Unimog or IFA, nearly all brands have passed their test in the desert already.

Whether used the vehicle in production-standard or as a rally prototype, the fun of the adventure is always in the foreground.

# CAMP

Let yourself be pampered in the exclusive Tunisian hotels. Just sit comfortably in the hotel lobby and discuss the race. Or sit around the campfire, watching the sunset behind the dunes and enjoy the incredible camaraderie among adventurers. - Both are part of our concept. We want to travel not only by Tunisia, but also experience the great nature of the country firsthand.

# TRACKS

3,300 kilometers lead us through the beautiful landscapes of Tunisia. From Tunis, the big and vibrant African city, past the sandy beaches of the Mediterranean Sea up to the last outpost on the Algerian border middle of the Sahara. 2,200 kilometers of the total distance are special stages. This kilometers will bring individual offroad- and rally-feeling and moments of enthusiasm to all participants. Images that imprint themselves. Moments of camaraderie that you will never forget.

# SERVICE

Service and safety for all participants at our events have uppermost priority. Whether small defects on the vehicle, transportation of broken vehicles from the dunes, or assistance in operation of navigation equipment, the team of the organization is working around the clock. From Genoa to Genoa, everyone can trust the experience and the knowledge of the EICHOTT-staff. And last but not least, the emergency medical teams and paramedics provide at any time a professional medical coverage for all participants of the rally.
